

Octagon Kush (Adrex 25 WM COL)

Introducing **Octagon Kush**. This sativa-dominant hybrid is a cross of Triangle OG mixed with Animal Mintz (Animal Crackers x SinMint Cookies).

This strain's aroma has heavy notes of petrol and earth that are mixed with scents of pine and vanilla. When separated, a sour skunk aroma becomes more prominent and lingers in the nostrils.

Octagon Kush is ideal for treating chronic pain, inflammation, muscle spasms, and tremors.
